Report of Independent Auditors

Plan Administrator
Saga Communications, Inc.
Employees' 401(k) Savings and Investment Plan

We have audited the accompanying statements of assets available for benefits of Saga Communications, Inc. Employees' 401(k) Savings and Investment Plan as of December 31, 2000 and 1999 and the related statements of changes in assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2000 and 1999 and the changes in its assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets held for investment purposes at end of year as of December 31, 2000 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Saga Communications, Inc.
Employees' 401(k) Savings and Investment Plan
Notes to Financial Statements
Years ended December 31, 2000 and 1999

1. DESCRIPTION OF PLAN

The following description of Saga Communications, Inc. (the "Company") Employees' 401(k) Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for more complete information.

GENERAL

The Plan is a defined contribution plan which includes, as participants, all employees who have completed one year of employment and reached the age of twenty-one. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Contributions to employees' accounts are effected through voluntary reductions in their compensation. Annual contributions for each participant are subject to the participation and discrimination standards of Internal Revenue Code Section 401(k)(3). The Company may make a discretionary match; for 2000 and 1999 the discretionary employer match was \$179,580 and \$169,385, respectively.

Upon enrollment, a participant may direct their contributions to any of the Plan's fund options. Employer contributions are invested in Saga Communications, Inc. common stock.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

VESTING

Participants are immediately vested in their contributions and the employer discretionary match plus actual earnings thereon.

1. DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 15 years for purchase of primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate as determined by the Plan Administrator which approximates the prime interest rate in effect on the first business day of the calendar quarter plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

DISTRIBUTIONS

Participants or their beneficiaries may receive distributions of their account balances upon the earlier of reaching age 59-1/2, disability, death or termination of service, as defined in the Plan. Further, the Plan Administrator may permit a participant who experiences a qualified financial hardship, as defined, to receive a distribution or a portion of the participant's account balance. Such distributions are generally made in a lump sum.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA.

ADMINISTRATIVE EXPENSES

Administrative expenses of the Plan are paid by the Company.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Except for the investment contracts, the Plan's investments are stated at fair value which equals the quoted market price on the last business day of the plan year. The shares of mutual funds are valued at quoted market prices which represent the net asset values of shares held by the Plan at year-end. The participant loans are valued at their outstanding balances, which approximate fair value.

Guaranteed investment contracts are recorded at their contract values, which represent contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract values for credit risk of contract issues or otherwise. The average yield was approximately 6.0% and 5.5% in 2000 and 1999, respectively. The crediting interest rate for these investment contracts is reset semiannually by the issuer but cannot be less than zero and was 6.2% and 6.05% at December 31, 2000 and 1999, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

5. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated April 4, 1994, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. However, the Plan has been restated in its entirety subsequent to the issuance of the determination. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.
